

Year 4 Friday 13th November

Numeracy

LO: Solve addition and subtraction calculations using the column method

How well do you remember how to use column method for addition and subtraction? Test how well you can remember by solving the following - check your answers afterwards in case you have made little mistakes like forgetting to add the one that was carried.

Check for clues as to whether they are + or -

1. $6367 + 954$
2. $2745 + 1534$
3. $961 - 256$
4. Amy buys two train tickets to go on holiday. One cost £8.10, the other cost £1.95. How much does she pay in total?
5. $2395 - 1689$
6. $1764 - 167$
7. A shop sells two clocks. One costs £14.90, the other £8.75. What is the difference in price between the two clocks?
8. Beth has 1764 stickers. She uses 167 of them. How many stickers are left?

Reading

LO: Prove great understanding of my own reading book

Complete one of the following 3 tasks using either your reading book or a favourite book you have at home:

Task 1 - Write a note to your friend telling him or her a bit about the book. Explain why you think they should read it.

Task 2 - Find 3 sentences in which you think the writer has included interesting language.

Task 3 - If you have a non-fiction book, write down 3 interesting facts you have discovered from reading it.

French

LO: Complete a quiz on the country France

All children at Roe Farm Primary will now be learning French instead of Spanish. We hope to have our first French lesson next week! In preparation for this, conduct a little research into France, the country. Ask adults these questions or find the answers on the internet.

1. Which continent does France belong to?
2. Name the capital city of France
3. Draw and colour the flag
4. Name two traditional things to eat in France
5. Name a famous French footballer (or more)
6. Who is the French Prime Minister?
7. Which famous landmark is found in France? (you can name a more than one)

Our first lesson will be counting in French - get a head start with this link:

Literacy

Prefixes are letters added to the beginning of root words to change their meaning. Complete the worksheet on prefixes (or copy out).

Prefixes re and sub

The prefix **re** ____ means again or back

eg I had to redo my work

The prefix **sub** ____ means under

eg a submarine travels under water

Add either re or sub to form new words:

1. ____ make
2. ____ play
3. ____ standard
4. ____ position
5. ____ way
6. ____ payment
7. ____ title
8. ____ divide

If you don't know the meaning of any of the above words, ask an adult or look them up on the internet or in a dictionary.

Challenge: Write a definition for these three words (use the red box at the top to help you):

A: recharge

B: restack

C: submerge
