

Growing

Develop pupils' design and making skills, knowledge, and understanding to the best of each child's ability; using and selecting a range of tool, materials and components.

Resilient

Prepare pupils to participate in tomorrow's rapidly changing technologies.

Head, Heart, Hands

Develop an ability to criticise constructively and evaluate their own products.
Have an understanding of how design technology impacts us in our everyday lives.

Design Technology INTENT

Opportunities

Provide opportunities for all the children to design and make quality products utilising a range of skills, techniques and knowledge.

Team Work

Become creative problem solvers as individuals and members of a team.
Provide feedback to each other in order to better improve our designs.

Wonder

Help the children develop an understanding of the ways people in the past and present have used design to meet their needs, reflecting on and evaluate such techniques, its uses and effects.
Utilise the range of opportunities within various industries in the local area.
