Roe Farm Primary App Launch

We are pleased to announce that our app is now ready to be used! This is free to parents to download and will allow us to send messages regarding school events, links to letters and reminders. The facility also allows for us to send text messages in the event of an emergency or school closure.

Teachers will continue to use class Dojo for awarding points and have the option of using the inbuilt messaging facility to communicate with their class. The new school app allows for communication with the whole school and in the future will be used for giving consent for trips etc.

Follow the instructions below or the link that will be sent in a text message to download our new app.
